

HMO Compliance Checklist 2026

47 practical checks every UK HMO landlord should track across gas, electrical, fire, licensing, deposits, right-to-rent, documents and portfolio operations.

Use this as a monthly control sheet.

Set 30/14/7-day reminders for every certificate and licence. LandlordApp can track these dates, tenant documents, arrears and landlord statements in one dashboard.

1. Core Safety Certificates

- Gas Safety Certificate renewed every 12 months and issued to tenants within 28 days.
- EICR completed at least every 5 years, with remedial works recorded and retained.
- Portable appliance checks scheduled for any landlord-supplied appliances.
- Smoke alarms installed on every storey and tested at tenancy start.
- Carbon monoxide alarms installed in rooms with fixed combustion appliances.

2. HMO Licensing & Local Rules

- Mandatory HMO licence confirmed for 5+ occupants from 2+ households sharing facilities.
- Additional/selective licensing checked against the local council website.
- Licence expiry date logged with 90/60/30/14/7-day reminders.
- Room sizes checked against licence and national minimum standards.
- Manager contact details and licence documents displayed where required.

3. Fire, Furniture & Property Condition

- Fire doors, closers, escape routes and emergency lighting inspected on schedule.
- Fire risk assessment reviewed after layout, occupancy or regulation changes.
- Furniture and furnishings meet current fire safety labels and standards.
- Damp, mould and HHSRS hazards logged with evidence of action taken.
- EPC rating recorded and improvement plan tracked where needed.

4. Tenancy Admin

- Right-to-rent checks completed before move-in and re-check dates logged for visas.
- Deposit protected within 30 days and prescribed information served within 30 days.
- Signed tenancy/licence agreement stored against the tenant profile.
- How to Rent guide, gas certificate and EICR copies issued where applicable.
- Tenant contact details and emergency contact are current.

5. Operational Tracking

- Maintenance requests logged with status, contractor, photos and completion evidence.
- Rent arrears reviewed weekly with consistent chase notes.
- Landlord payments reconciled monthly with statements exported.
- Documents backed up and access-controlled by organisation/user role.
- Monthly portfolio review includes occupancy, cash flow, compliance and arrears.
